## Summary

Certified Software Developer with a stellar GPA of 99.86 from Austin Coding College and extensive hands-on experience in web development and software engineering. Proficient in modern web technologies including React, Redux, JavaScript, HTML, and CSS, as well as backend development with MySQL, Express.js, and Node.js. SCRUM Master with a strong understanding of REST APIs and AWS systems. Proven ability to manage full project lifecycles, from initial client consultations and wireframing to development, testing, and deployment. Demonstrated excellence in problem-solving, customer service, and effective communication. Dedicated to delivering high-quality, responsive, and user-friendly web applications.

---

## Skills

- React
- Redux
- Thunk
- MySQL
- Node.js
- Express.js
- JavaScript
- REST APIs
- HTML & CSS
- AWS systems
- Time Management
- Project Management
- Object-Oriented Programming
- Test-driven development

---

## Experience

**WEB DEVELOPER** | 07/2023 - Current

### Freelancing

- Accomplished project scope by speaking with clients to gather detailed requirements, ensuring a clear understanding of their needs and expectations for the project.
- Achieved design approval by creating wireframes and site maps, providing clients with a visual representation of the proposed design and structure for their approval.
- Enhanced design by coordinating revisions with clients, incorporating their feedback and suggestions to refine and improve the overall design and functionality of the website.
- Developed responsive websites by coding and implementing responsive design techniques, ensuring compatibility across various devices and incorporating requested software features to meet client needs.
- Ensured functionality by thoroughly testing the website, and identifying and debugging any issues found during the testing process to deliver a smooth and error-free user experience.

**USPS CONTRACT DRIVER** | 11/2018 - 04/2022

### Driver

- Ensured vehicle safety by performing pre-checks and post-checks, following specific protocols upon arrival and departure from federal properties, and adhering to security standards.
- Complied with federal property protocols by strictly following required procedures, ensuring safety and security while performing tasks on federal grounds.

- Demonstrated punctuality and organization by consistently completing tasks on schedule, ensuring efficient and timely delivery of mail and packages to designated locations.
- Delivered mail accurately and on time by adhering to established delivery schedules, and maintaining a high standard of service and reliability for USPS operations.
- Maintained mail security by strictly following USPS regulations and guidelines, ensuring the safe and secure handling of all mail and packages throughout the delivery process

**CNC OPERATOR** | 08/2018 - 01/2019

**Machine Operator**

- Enhanced machine operation efficiency by troubleshooting CNC horizontal and vertical mills and lathes, ensuring smooth and accurate functionality throughout production processes.
- Facilitated seamless production by meticulously performing necessary setups, ensuring all equipment was properly prepared and adjusted for each specific job requirement.
- Achieved high-precision machining by diligently executing tool changes, adapting to various machining needs, and maintaining accuracy in all operations.
- Ensured optimal equipment performance by regularly inspecting and maintaining CNC machines, preventing downtime and extending machine lifespan.
- Improved workflow and production speed by swiftly identifying and resolving technical issues, minimizing interruptions, and maximizing productivity.

**TRAINING SERVER - BUFFALO WILD WINGS** | 03/2018 - 08/2018

**Waiter**

- Trained new servers by conducting comprehensive onboarding sessions, ensuring team readiness and seamless integration into daily operations.
- Delivered excellent customer service by promptly addressing guest needs and concerns, maintaining high satisfaction levels and positive reviews.
- Guided new hires through practical training and mentorship, improving overall service quality and operational efficiency.
- Enhanced guest experiences by providing personalized, attentive service, ensuring memorable visits and repeat business.
- Fostered customer loyalty through consistently outstanding service, building strong relationships, and encouraging frequent returns.

**FLAGSHIP COMMERCIAL FLOORING** | 09/2017 - 03/2018

**Floor Tech**

- Executed floor maintenance tasks effectively by serving as a floor technician, ensuring high-quality service delivery.
- Prepared walls and corners thoroughly for upcoming jobs, ensuring optimal conditions for flooring installation.
- Facilitated clear communication channels with supervisors to maintain project alignment and efficiency.
- Ensured job readiness by meticulously prepping work areas, and enhancing overall workflow.
- Enhanced project coordination by maintaining consistent and effective communication with my supervisors.
